

PAWAN RATHOR

Full Stack Web Developer | Angular & React.js | Node.js | Express.js | MongoDB
Gwalior, India (Open to Relocation) | 8878423206 | rathorpawan128@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Full Stack Web Developer with hands-on experience across both Angular and React.js ecosystems. Currently developing live production features using Angular, MySQL, and REST APIs at Ubitech Solutions, while independently building MERN stack (React.js, Node.js, Express.js, MongoDB) projects with strong practical depth. Skilled in JWT authentication, CRUD operations, and component-based UI development. Comfortable adapting across frontend frameworks, with a solid foundation in database design and Git-based collaborative workflows. Seeking a Full Stack Developer role to build scalable, high-quality web applications.

TECHNICAL SKILLS

Frontend: React.js, Angular, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive Web Design

Backend: Node.js, Express.js, REST API Development, JWT Authentication, MVC Architecture

Database: MongoDB, MySQL, MongoDB Atlas

Tools & Platforms: Git, GitHub, VS Code, Postman, MySQL Workbench, Figma, Antigravity

AI-Assisted Development: ChatGPT, GitHub Copilot, DeepSeek

Core Concepts: MERN Stack, CRUD Operations, Agile Collaboration, Version Control, API Testing

PROFESSIONAL EXPERIENCE

Software Developer – Full Stack (Angular / MySQL)

Dec 2025 – Present

Ubitech Solutions Pvt. Ltd., Gwalior, India

- Developing and maintaining Angular-based frontend modules for live production applications, improving UI responsiveness and usability.
- Building and integrating REST APIs with backend services, enabling smooth data flow between frontend and server layers.
- Implementing and optimizing database operations using MySQL, ensuring data integrity across CRUD workflows.
- Enhancing UI/UX using Bootstrap and Tailwind CSS to deliver consistent, mobile-responsive interfaces.
- Collaborating with a 10-member cross-functional development team in an Agile environment on real client projects, from requirement analysis to deployment.

MERN Stack Developer Intern

Oct 2024 – Nov 2024

upDt Education Technology Pvt. Ltd.

- Developed full-stack features using React.js, Node.js, Express.js, and MongoDB for an EdTech platform.
- Implemented CRUD operations and RESTful APIs to support core application functionality.
- Improved backend data handling logic, boosting application performance and reliability.

Frontend Developer Intern

Aug 2024 – Sep 2024

Prodigy Infotech

- Built responsive UI components using React.js and CSS, aligned with client design requirements.
- Improved overall UI/UX based on stakeholder feedback and usability testing.
- Identified and fixed layout and cross-device responsiveness issues, improving user experience.

PROJECTS

Library Management System | Angular, Express.js, MySQL

- Built a full-stack Library Management System with Angular frontend and Express.js/MySQL backend.
- Designed REST APIs across 3 core modules – Book Management, User Management, and Issue & Return – with full frontend-backend integration.

Repo: github.com/pawanrathor128/library_management

Job Portal Application | MERN Stack (React.js, Node.js, Express.js, MongoDB)

- Implemented role-based authentication across 3 user roles (Admin, Recruiter, Candidate) using secure JWT login/signup.
- Built job posting, application tracking, pagination, and form validation features end-to-end.

Repo: github.com/pawanrathor128/react-job-portal-main

Todo App | MERN Stack

- Developed a task management system with full CRUD operations, JWT authentication, and a responsive UI.

Frontend: github.com/pawanrathor128/todofrontend

Backend: github.com/pawanrathor128/todobackend

EDUCATION

B.Tech, Computer Science Engineering

2021 – 2025

Shri Ram Institute of Information and Technology, Gwalior | CGPA: 7.42

Class XII, MP Board

2021

Score: 88%
